AROU CLEMENT MAWIEN

SCHOOL FEEDING PROGRAMME OFFICER – WORLD VISION INTERNATIONAL, SOUTH SUDAN

Warrap, South Sudan | aroumawien@outlook.com | +211(0)924928828

PROFESSIONAL PROFILE

A dynamic, versatile, and results-driven Food Security and Humanitarian Programme Professional with over ten years of experience managing large-scale food assistance, nutrition, and livelihood programmes in complex humanitarian settings. Extensive experience in the design and management of food and cash assistance interventions, including General Food Distribution, Cash-Based Transfers, in-kind School Feeding, Asset Creation & Livelihood, and Supplementary Feeding programmes.

Strong background in programme management, commodity management, humanitarian logistics coordination, monitoring and evaluation, and donor compliance. Demonstrated ability to lead multi-sectoral teams, coordinate with humanitarian partners and government institutions, and ensure accountable delivery of assistance to vulnerable populations.

Experienced in working in partnerships with agencies such as the World Food Programme and humanitarian NGOs to implement integrated food security programmes that strengthen resilience and support community development. Passionate about integrating holistic Faith and Development approaches into humanitarian programmes. Also, a creative storyteller with advanced skills in photography, graphic design, video production, web development, and architectural project design, using visual arts and digital media to document community experiences and bring compelling narratives to life in ways that inspire awareness and action.

WORK EXPERIENCE

SCHOOL FEEDING PROGRAMME OFFICER & ACTING FOOD ASSISTANCE PROJECT MANAGER – FOOD ASSISTANCE & RESOURCES MANAGEMENT
World Vision International, South Sudan Programme – Warrap State | 2023-Present

Purpose of the position
Lead the design, planning, and implementation of donor-responsive food assistance programmes, overseeing school feeding operations at the state level while acting as Project Manager for broader Food Assistance initiatives. Responsibilities include coordinating stakeholders, managing budgets, supervising teams, monitoring and evaluating programme performance, and ensuring compliance with donor standards.

Key Responsibilities:

- Develop and submit donor-responsive food assistance proposals and programme plans.
- Oversee implementation of school feeding programmes, ensuring coverage of 26,133 beneficiaries across 78 schools, and 102,347 disaster-affected people supported with in-kind food assistance in Tonj.
- Act as Project Manager for Food Assistance programmes, providing strategic leadership for GFD, BSFP, and CVA initiatives.
- Manage a one-million-dollar programme budget and cash transfers, ensuring transparent, timely, and accountable disbursement.
- Supervise field officers, monitors, and logistics staff, including capacity-building and performance management.
- Coordinate with government authorities, UN agencies, and NGOs to harmonize programme delivery and reporting.
- Monitor programme performance, analyze data, and produce reports for management and donors.
- Integrate holistic Faith and Development approaches into programme planning and delivery.

Key Achievements:

- Successfully managed food and cash assistance programmes reaching approximately **314,913** beneficiaries supported under GFD, Blanket Supplementary feeding programme, in-kind & CBT school feeding, and Asset creation & livelihood over the last 3 years.
- Oversaw distribution of food commodities and cash transfers worth **USD 16,901,068.45** ensuring compliance and accountability over the last two fiscal years.
- Strengthened monitoring, reporting, and post-distribution verification systems, reducing discrepancies by over 70%.

.

FIELD COORDINATOR (GFD+, SCHOOL FEEDING, FFA), FOOD ASSISTANCE & RESOURCES MANAGEMENT
World Vision International, South Sudan Programme – Warrap State | Feb 2022-March 2023

Purpose of the position
The purpose of the Food Assistance Field Coordinator is to oversee the effective implementation of General Food Distribution, School Feeding, and Asset Creation and Livelihood programmes (FFA). This includes coordinating food assistance efforts, ensuring timely distribution and value-added solutions, monitoring programme activities, and supporting community-based initiatives to enhance food security and sustainable livelihoods. The Field Coordinator also ensures compliance with donor standards, fosters community participation, and collaborates with partners to achieve programmatic goals.

LASTMILE LOGISTICS ASSISTANT (LESS/LMMS/ITS/CTS/TRANSPORT), FOOD ASSISTANCE & RESOURCES MANAGEMENT
World Vision International, South Sudan Programme – Warrap State | Jan 2020 – Dec 2020

Purpose of the position
The purpose of the Food Assistance Logistics Assistant is to support the execution of logistics operations by managing last-mile mobile solutions, tracking systems for items and country commodities, and overseeing transportation logistics. This role ensures efficient movement and delivery of food assistance, maintaining accurate tracking and

reporting systems to guarantee timely and compliant distribution, while contributing to overall programme success through effective logistics management.

FIELD COORDINATOR (HUMAN CAPITAL DEVELOPMENT/GFD+), FOOD ASSISTANCE & RESOURCES MANAGEMENT
World Vision International, South Sudan Programme – Warrap State | 2018 – Jan 2020

Purpose of the position
The purpose of the Field Coordinator is to oversee the implementation and coordination of Human Capital Development initiatives through School Feeding programmes, and General Food Distribution (GFD+) at the field level. This includes managing programme activities, ensuring effective delivery of food assistance, fostering community engagement, and supporting capacity-building efforts to enhance the well-being and development of vulnerable populations. The Field Coordinator ensures compliance with standards; monitors progress and collaborates with partners to achieve sustainable outcomes.

RESEARCH, MONITORING & EVALUATION ASSISTANT, FOOD ASSISTANCE & RESOURCES MANAGEMENT
World Vision International, South Sudan Programme – Tonj North County | 2016-2017

Purpose of the position
The purpose of the Food Assistance Research, Monitoring & Evaluation Assistant is to support the design, implementation, and analysis of research, monitoring, and evaluation activities for food assistance programmes. This includes collecting and analyzing data to assess programme effectiveness, track performance, and ensure compliance with donor and organizational standards. The role contributes to decision-making and continuous improvement by providing accurate insights and reports, supporting the monitoring of key outcomes, and ensuring that food assistance initiatives are impactful and aligned with strategic objectives.

HEALTH & NUTRITION MONITORING ASSISTANT/FAITH & DEVELOPMENT FOCAL POINT,
World Vision International, South Sudan Programme – Tonj North County | June 2015

Purpose of the position
The purpose of the Health & Nutrition Monitoring Assistant/Faith & Development Focal Point is to support the monitoring and evaluation of health and nutrition programmes, ensuring the effective delivery of interventions that address acute malnutrition and improve community health outcomes. This role also integrates faith and development approaches, fostering collaboration between health initiatives and faith-based community engagement. The Assistant ensures data collection, analysis, and reporting, while promoting the integration of holistic, faith-driven values in programme design and implementation to achieve sustainable health and nutrition impacts.
